I Can't think of anything else to ask. As for the 2<sup>nd</sup> bullet, confirming the filters provided to the four homes, attached is an email from Michelle Cochran that shows a picture of the type of filter provided. I noted it is a faucet mounted filter.

I'm jumping on a 3:00 call now but started some lists – please add to these as needed and/or raise questions during this afternoon's 3:30 call.

Hi Karrie,

What time is the afternoon call with WV? I think you said 3:00? I don't have it on my schedule, but I'm available if you would like me to attend as well.

I will look back through the AO and start brainstorming questions.

**Subject:** for this afternoon's call with WV

We're asked to work with ECAD on a comprehensive list of questions to ask during this afternoon's call with WV with a focus on potential areas where the system is not in compliance with the state's order (and any new or outstanding questions we have at this time). Alysa and I have a 1:30 meeting – I can work on the list of questions after that meeting unless one of you has a chance to get it started in the interim.

Karrie
